Members who are registered for the GST will be able to 'claim back' the GST proportion of the fee through their Business Activity Statement to the Australian Taxation Office. Tax invoices (on receipt of payment) will be issued by the Society for all transactions and posted with the completed certificates (or to the vendor in the case of transfers).

It is very important that cheques are made out for the correct amount. Any cheques for the incorrect amount will be returned to the sender with a note indicating the correct amount required.
